NHMGS Golfers

Northampton and Huntingdon Masonic Golf Society

Barrie and I have now finished the fixture list for Provincial Golf during the 2017 season and we are pleased that our traditional fixtures against other provinces are still part of this commitment. Would you please let Barrie or I know if you have any golfers interested in playing these fixtures. As far as selection is concerned any player showing an interest will be given the opportunity to play regardless of whether they are playing in the team or not.

We would also stress that the standard of golf is not important. We are prepared to promote golf in the broader sense by allowing people who are not regulars but are able to progress around a golf course at a reasonable rate. You will note that none of the events require singular scores and are designed to make players feel comfortable in the team environment.

We look forward to meeting as many of you as is possible during the season. Roll on the warmer weather.

Yours sincerely and Fraternally
